

44TH CONGRESS OF THE ESCRS
LONDON
 II-15 SEPTEMBER 2026

DEADLINE FOR THIS FORM: 17 July, 2026

Company name:	Stand number:
----------------------	----------------------

Instructions:

1. Draw your stand on the grid below for 1 sqm = 1 tile.
2. Indicate the position of the aisles and the number of the neighbouring booth.
3. Indicate the preferred location of the electrical box(es) that you've ordered. If you have a storage room in the stand, please draw it with the position of the door and its opening direction.
4. If you've ordered water and internet, please indicate the preferred location.
5. Draw your stand outline of your stand allocation.

Please note:

- Without any feedback from you, the electrical box and the various connections will be positioned along the wall or at the exit of the gutter.
- An Electrical connection purchase is only finalized after receipt of grid form. If the grid form is submitted after the deadline, an additional charge will apply.
- It is not allowed to let electrical wires run through the aisles. Please choose the electrical ducts or pillars that are in your booth space.
- Relocating your connection to another location will incur an additional charge.

Attention: It is possible that cables run through your stand or underneath your stand walls. This may occur if the power supply is shared with a neighbouring stand. The stand contractors and responsible suppliers will do their best to keep the cable set up as tidy as possible.
