Where evidence meets choice: RETHINKING REFRACTIVE CARE

13th September

13:00–14:00

George V Room 3

- | | | |
|----|--|--------------------------|
| 1. | Innovation with purpose:
How clinical experience shapes IOL innovation | Joaquín Fernández |
| 2. | Long-term evidence, real-world relevance:
ELON in a large patient cohort | Prof. Sathish Srinivasan |
| 3. | Beyond the defocus curve:
ELON in comparative clinical evaluation | Christophe Panthier |
| 4. | One platform, multiple possibilities:
The versatility of the AddOn IOL | Alison Chiu |
| 5. | When outcomes surprise:
A reversible strategy for refractive correction | Prof. Gábor Scharioth |
| 6. | Introducing RALV:
A new approach to personalized refractive care | László Kontur |
| 7. | From concept to practice:
Clinical experience with RALV | Tabitha Neuhaus |
